

That Dog, Hawthorne

Driving
Looking for your parents house
Striving
To find a piece of you
And I saw a punk rock show
In a car garage
And I saw you.

Trying
To be strong for you and myself
I was dying
To get a piece of this
And I saw a punk rock show
In a car garage
And I saw you as a child

Visiting while
I saw you.

And I saw a punk rock show
In a car garage
And I saw you as a child visiting while
I saw a punk rock show
In a car garage
And I saw you.
A dream come true (I saw)
A dream come true (I saw)
A dream come true (I saw)
A dream come true (and I saw you)
My dream come true.
