

# That Dog, Never Say Never

I was blind  
As a bat  
And still knew  
Where you were at  
I was deaf  
And dumb  
And still knew  
That you're the only one.

I could show up  
At your door  
And still know  
What you're looking for.  
I could wait  
In your line  
And if you had no money  
I would give you my last dime.

I never  
(never, never)

Took it out  
No, I never  
(never, never)  
Took it out on you  
No, I never  
(never say never)  
Take it out on you.

No, I never  
(never, never, never)  
Took it out  
(never, never, never)  
No, I never  
(never, never, never)  
Take it out on you

Never say never  
Never say never  
Never say never  
Never say never
