

That Dog, Punk Rock Girl

She knows where she's coming from,
Nice little punk rock girl.
She's so lonely and lovely and mad at her mom.
She's the best little girl in the world.
She walks in we all applaud;
A candle can't be held by Sheena.
With her gold dreds and black roots and tattoo of God,
She's the next best thing to Athena.
Punk rock girl will rock your world (x many)
