

That Poppy, Lowlife

1.Old suitcase, clean getaway
I'm the one who takes the blame again
New day but the same lines
I feel like the victim of the dollar sign

All these years on my own
Fight my fight all alone
Till you came, don't you know
Don't you know

Ref. Baby you're the highlight of my lowlife
Take a shitty day and make it alright
Oh and every circumstance
Yeah you make the difference
Baby you're the highlight of my lowlife (lowlife)

2.This bad taste, these headaches
Wake up on the floor again, oh yeah
My torn dress, these fail tests
Soon they will be erased

All these years on my own
Fight my fight all alone
Till you came, don't you know
Don't you know

Ref.Baby you're the highlight of my lowlife
Take a shitty day and make it alright
Oh and every circumstance
Yeah you make the difference
Baby you're the highlight of my lowlife (lowlife)

3.And I get so lonely
I can't make it on my own
And I need to call you
"Can you come to my chateau?"
Take me in your arms and
Hold me tight yeah pull me close
Whisper in my ear
All I want you to say is

Ref.Baby you're the highlight of my lowlife
Take a shitty day and make it alright
Oh and every circumstance
Yeah you make the difference
Baby you're the highlight of my lowlife (lowlife)
