

That Was Something, Back Down Lady

So back down lady, back down.
Keep it up keep it up,
so contradicting but you love your ways!
And not now lady, not now.
Keep it up keep it up!
Yeah, youre the star and everyone is crazy.
Not at the top, like it or not.
Youre gonna get caught.
Youll never make it, not on my watch.
Im more than words and expressions of twilight.
Yeah I can feel it in my bones this time.
Yeah I can feel it in my bones, so get it right.
Im not afraid! Im not gonna let this go,
if you get this right, are you gonna forget about me? [x2]
Well back down lady, back down.
Fix it up fix it up.
You let your ego cause a messy thing.
And sit down lady, sit down.
Fix it up fix it up.
Yeah were all wrong
because youre so amazing.
Thanks for that shot!
Like it or not.
Youre gonna get caught.
Ill never save you!
Thank this hot shot!
Im more than words and expressions of twilight.
Yeah I can feel it in my bones this time.
Yeah I can feel it in my bones, so get it right.
Im not afraid! Im not gonna let this go,
if you get this right, are you gonna forget about me? [x2]
We dont, we dont have time to take these chances, make your mind up.
On this open road and were not alone. The clocks not ticking anymore.
Its passed its prime were on the floor its make or break. And were not alone.
Im not afraid! Im not gonna let this go,
if you get this right, are you gonna forget about me? [x2]
