

# That Was Something, She Is The West Coast

We live like were on the west coast  
Making love like were in hospitals  
Shes been my crush for some time  
Shes my minx, shes my butterfly  
We know shes still contagious cause when Im around her Im famous  
And I know my head is spinning around and around and around here we go again  
I'll grab your hand and Ill close your eyes  
If you feel my heart if you feel alive  
I'll take you back to any moment in time  
If you feel my heart if you feel alive  
Were keeping safe while I make you mine  
If you feel my heart if you feel alive  
I'll hold you close and for all of time  
If you feel my heart if you feel alive  
To make it to me, what am I supposed to do, leave me alone  
I can't forgive you, and I only want you to make it through
