

# The 1975, I like America & America Likes Me

I'm scared of dying  
Is that on fire?  
Am I a liar? Ooh  
(I can't be quiet)  
I'm scared of dying  
No gun required, ooh  
My skin is fire, so desired

Is that designer?  
Is that on fire?  
Am I a liar?  
Oh, will this help me lay down?  
My skin is fire, it's so desired!  
No gun required!  
Oh, will this help me lay down?  
I'm scared of dying, it's fine  
Oh, what's a fiver?  
Being young in the city  
Believe, and say something

Would you please listen!  
Would you please listen!  
We can see it's missing  
When you bleed say so we know  
Being young in the city  
Believe, and say something

Would you please listen!  
Would you please listen!  
We can see it's missing  
When you bleed say so, we know

Council, being listed  
Man I kinda miss it, hey!

Am I a liar?
