

The 1975, If You're Too Shy (Let Me Know)

I see her online all the time
I'm trying not to stare down there
while she talks about her tough time
girl of your dreams
you know what I mean
there's something about her
stare that makes you nervous
and you say things that you don't mean

well, I found a hotel
I called you the twins
it's 7 in the morning
so they won't let me in
I need to get back
I gotta see the girl on the screen

she said
Maybe, I would like you better
if you took off your clothes
I am not that you should give to a go
she said:
Maybe, I would like you better
if you took off your clothes
I wanna see and stop thinking
if you're too shy
then let me
too shy
then let me know

I've been wearing nothing every time I call you
and I am starting to feel weird about it
and sometimes it's better if you think about it
this time I think I am gonna drink through it
I see her online and I don't think that I should be calling
all the time
I just wanted a happy ending
I am pretending I don't care about her stare
while she's giving me a tough time

well, I found a hotel
I looked like the pits
I think there'd been a murder
so we couldn't get in
I need to get back
I gotta see the girl on the screen

she said
Maybe, I would like you better
if you took off your clothes
I am not that you should give to a go
she said:
Maybe, I would like you better
if you took off your clothes
I wanna see and stop thinking
if you're too shy
then let me
too shy
then let me know

she said
Maybe, I would like you better
if you took off your clothes
I am not that you should give to a go

she said:
Maybe, I would like you better
if you took off your clothes
I wanna see and stop thinking
if you're too shy
then let me
too shy
then let me know
