

# The 1975, The Birthday Party

hello, there's a place I've been going  
there's place I've been going  
now I am clean, it would seem  
let's go somewhere I'll be seen  
as sad as it seems  
I seen Greg and he was like  
I seen your friends at the birthday party  
they were knida fucked up before id started  
they were gonna go to the pinegrove show  
they didn't know about all the weird stuff  
so they just left it  
so they just left it  
I was wasted  
I was wasted  
and cold , minding my business

then i seen the girl and they were all like  
do you wanna come and get fucked up?  
listen, I got myself a missus  
so there can't be any kissing  
no don't be a fridge, you better wise up, kid  
it's all addreall now  
it doesn't make you wanna do it!

this ain't goin' well  
I thought that I was stuck in hellin a boring conversiation whit a girl called ml  
about firmid in Cincinnati called matty as well  
you pulled away when I went in for the kiss  
no it wasn't a diss  
you put the tap on to cover ip the sound of your piss  
after for years don';t you think I am over all this  
that's rich for a man who can't shit in a hotel room  
he's gonna share for a bit  
make a little hobby out of going to the lobby  
to get the things that they don't have
