

# The 30 Tyrants, Love Between

Proceed with caution  
All satisfaction  
Step on cracks and break your backs  
Without a question  
We gotta know  
You gotta know  
We gotta know  
If it's in the interest of rock and roll

Are you ready to make this move  
Are you ready to groove  
Let's get this hoppin, pippin,  
Rockin shockin the world  
Don't fall back on it  
Don't fall back on it

Success needs to be the bee in your bonnet  
So get on it and stay  
If it's not necessary then get away  
Get away

Coffee and you and me  
Caffine and the love between  
Smoking for you and me  
Nicotine and the love between  
Music and my brain so happy

Is this a struggle  
Is it a race  
Am I a chaser or being chased  
Is the fine line between them  
Getting erased

We gotta know  
You gotta know  
We gotta know  
If it's in the interest of rock and roll
