

The 69 Eyes, Alive

69 days I was there
Beyond somewhere among the dead
Now I came back just to tel
What it is to be in human hell

C'mon I'm live
I am alive

Guess you thought that
I would die
With a voodoo witch I survived
Now I came back to get you scared
I wanna be your own living dead

C'mon I'm live
I am alive

69 days I was there
Beyond somewhere among the dead
Now I came back just to tel
What it is to be in human hell

C'mon I'm live
I am alive
