

# The 69 Eyes, Motor City Resurrection

The city's the bitch  
We're its misfit kids  
Raised on the streets  
When we cut honey  
We bleed  
Dancin' on the dead beat

Motor city resurrection honey  
Motor city resurrection

Shootin' up lika  
Shit outta luck  
Livin' on the Chinese Rocks  
You cannot choose  
The way you lose  
City wolves preyin' upon you

Motor city resurrection honey
