

The 69 Eyes, The Hills Have Eyes

C'mon babe
take a lil' ride with me
To the desert
there's no-one to see

Hills have eyes x2

A radioactive
family's chasin' me
They really know
how to cook lil' babies

Hills have eyes x2

C'mon babe
take a lil' ride with me
to the desert
There's no-one to see
A radioactive
family's chasin' me
They really know
how to use their walkie-talkies

Hills have eyes x2
