

The 69 Eyes, Wrap Your Troubles In Dreams

So much heartaches and pain
Always on my way
Living on living day by day
I got no future i got no past
Just going nowhere nowhere fast
How long does forever last

Im not living in the past for you
Ive gotta find my way thru

Life goes on without any breaks
I got it baby what it takes
Dreaming on and on of better days
So many things to get done
Everyones here a chosen one
Weve got a long long way to come

Im not living in the past for you
Ive gotta learn my way thru
Just

Wrap your troubles in dreams
It aint that hard it seems
Wrap your troubles in dreams
It aint that hard it seems
