

The 7th Guest, All The Time

He wakes up in the afternoon
And there's no reason to get out of bed
No reason to open his eyes

And a fairy appears to him then
"Wake up you lazy bum and go on a quest
You have nothing left to lose
So here is a dollar"

""She said, "It's not much, but it's enough
For the trip to the end of the road
You've got to know
that it's all the time you have left"""

So he took out his dollar
Deposited it into the vending machine
Spent the days away

And an angel appears to him then
"Grow up you lazy bum and go get a job
You have nothing left to lose
So here's a diploma"

""He said, "It's not much, but it's enough
For the trip to the end of the road
You've got to know, that it's all the time you have left"""

And even though he's got it all
He's got to live the rest.
Find your road and let it take you there
Anywhere and everywhere
'cause anywhere is better than this

""You said, "It's not much, but it's enough
For the trip to the end of the road
You've got to know, it was all the time you had left."""
