

The Academy Is..., Ghost

Hey, stop on a dime
Take both your hands
Reach them above, one at a time
Are you alone in here?
I heard the voice so clearly

I tried not to breathe
Tried not to speak
Clamping my tongue between my teeth
Are you alone in here?
I heard the voice so clearly say...

Well, there are fine lines I've seen, we are stuck in between
With separate eyes to use and throw aside
How we die, nobody wants to know
Who decides where everybody goes?
Where everybody goes

Oh no, this can't be it
I start to sweat
Haunted by all the things I've missed
This can't be right
I realize right then that it's me or him, yeah

There are fine lines I've seen we are stuck in between
With separate eyes to use and throw aside
How we die, nobody has to know
Who decides where everybody goes?
(So what if I don't?)

Oh no, I can't believe this
I don't know why this had to happen
I had no choice
Well, it was me or him

Oh no, I can't believe this
I don't know why this had to happen
I had no choice
Well, it was me or him

There's a fine line between what is justified or just obscene
Fragile lines to use and throw aside
How we die, nobody wants to know
Who decides where everybody goes?
Where everybody goes

How we die, no, I will never know
Who decides where everybody goes?
Where everybody goes

(Who decides where everybody goes?...)
