

# The Academy Is, Skeptics And True Believers

Don't be so scared, we will not lead  
You on like you've been doing for weeks  
So you're selfish, and I'm sorry  
When I'm gone you'll be going nowhere fast  
Nowhere fast, nowhere fast

Would you believe me if I said I didn't need you?  
'Cause I wouldn't believe you if you said the same to me, and  
Near death, last breath, and barely hanging on  
Would you believe me if I said I didn't need you?

Don't be so scared to take a second for reflection  
To take a leave of absence, see what you're made of  
So I'm selfish and you're sorry?  
When I'm gone you'll be going nowhere fast  
So who's selfish, and who's sorry?

Would you believe me if I said I didn't need you?  
'Cause I wouldn't believe you if you said the same to me, and  
Near death, last breath, and barely hanging on  
Would you believe me if I said I didn't need you?

Someone, somewhere said some things  
That may have sparked some sympathy  
But don't believe  
Don't believe a word you've heard about me

Don't be so scared, it's harder for me  
Don't be so scared  
Don't be so scared, it's harder for me  
Don't be so scared, it's harder for me  
Don't be so scared, it's harder for me  
Don't be so scared

Would you believe me if I said I didn't need you?  
'Cause I wouldn't believe you if you said the same to me, and  
Near death, last breath, and barely hanging on  
Would you believe me if I said I didn't need you?

Someone, somewhere said some things  
That may have sparked some sympathy  
But don't believe  
Don't believe a word you've heard

Would you believe me if I said I didn't need you?  
'Cause I wouldn't believe you, wouldn't believe you now  
Would you believe me if I said I didn't need you?  
'Cause I wouldn't believe you, wouldn't believe you now
