

# The Accident Experiment, Nevermore

flying on a midnight plane  
just to keep away from sanity  
taking in electric breeze  
throw away the line to set me free  
i'm so blind, the pain is all i see  
trapped inside the veins of memories  
i'm so blind, time is just a scene  
left behind a photograph of me

NEVERMORE THE RAIN,  
TO FEEL IT FALLING DOWN ON ME...  
EVERMORE THE SAME,  
WHERE YOU LEFT ME HERE TO BE...

stole away my halo just to  
auction it away to charity  
just before i lost myself  
drowning in the storm inside your sea
