

# The Adicts, Don't Let Go

Baby talk baby talk to me  
Baby walk baby walk with me  
If you're gonna hide away from everyone  
By the way, can I come  
Don't let go  
Keep a hold of me  
Don't let go  
Get a grip of me  
Baby baby let's have a little fun  
Come on baby take a walk in the sun  
If I wander will you tie me down  
Don't want to play around  
It's the way that I want it to be  
You won't find another fool like me  
Baby baby can you understand  
Girl you've got me in your hand
