

# The Adicts, I Am Yours

Catch me if you can  
When I come your way  
Catch me if you can  
I'm falling like the rain  
Everyday I see you  
But you're so far away  
Every way I love you  
Don't you know I love you so  
I would never ever let you go  
I am yours  
Whenever you want me  
I am yours whenever you need me  
All I do is dream of you  
All through the night  
Will I ever hold you  
Don't you know I love you so  
I would never ever let you go
