

The Adicts, Rockin' Wrecker

Late at night hear the call
Of the danger to us all
In the dark he hangs around
In the dark he'll drag you down

Rocking wrecker Rocking man
Rocking wrecker he's wrecking man

Man the lifeboat don't go under
Hear him laugh hear the thunder
You can cry you can weep
He wants to send you to the deep

Wrecking rocker Wrecking man
Wrecking rocker he's wrecking man

End the storm can you save
Your body from a watery grave
On the rocks he hangs around
He just wants to watch you drown
