Hey... welcome home  
I got a little wine  
Some marvin gaye  
Come on and taste me  
Come on and take me, i'm yours  
Dance, little sister, dance  
This is my girl you're talkin' to  
There isn't anything i wouldn't do  
So take me... taste me... erase me  
I'm yours... let's get it on

Anything for a lover  
Anything for a friend  
I only wanna see you happy  
Baby can we pretend  
I'd give anything to see you dance  
I'd give anything to see you smile  
But baby doesn't want just anything  
She wants everything

Hey... welcome home  
I got a little wine  
I got a little time  
So come on and take me  
Come on and taste me  
Come on and waste me  
Come on erase me  
I'm yours... let's get it on

I got the devil in me, girl
