

# The Afghan Whigs, Now We Can Begin

mother's very proud of YOU son  
come & sit upon her knee  
i've got some new denial  
i want to change my plea  
i've seen through alcohol  
raise up the sheets again  
told YOU that YOU should fear me  
i love to pretend  
if i was to correct YOU every time YOU was wrong  
i'd be talking all the time  
& laughing at YOU twice as long  
i've seen through alcohol  
i've seen the auctioneer  
raise up the sheets again  
right now i need YOU near  
through him with him in  
now we can begin
