## The Afghan Whigs, Uptown Again

- Dulli Uptown again
Nobody home
Feelin' surrounded
Should never left me on my own
Remember nothing, hypnotize
They say the eyes they never lie
Your eyes have failed you dear, deny
Deny, deny I know you'll try

Baby, untie me now I'm ready to get down Get down and move around Baby, you cry too much I'm tired of the sound Yer such a baby

Uptown again Throw me a bone Feelin' surrounded I've never done so well alone
