Uptown Again

- dulli -

Uptown again

Nobody home

Feelin' surrounded

Should never left me on my own

Remember nothing, hypnotize

They say the eyes they never lie

Your eyes have failed you dear, deny

Deny, deny i know you'll try

Baby, untie me now

I'm ready to get down

Get down and move around

Baby, you cry too much

I'm tired of the sound

Yer such a baby

Uptown again

Throw me a bone

Feelin' surrounded

I've never done so well alone
