

# The Agony Scene, Scapegoat

Abandoned, broken and bleeding  
A feast for their eyes a spectacle  
A martyr of the forsaken  
A scapegoat for their suffering

Burn me alive  
I feel the hatred behind their eyes  
Burn me alive  
In eager circles to watch me die  
Burn me

As silence falls through the masses  
The cruelest display of sacrifice  
A savior of the abandoned  
A scapegoat for their suffering

Burn me alive  
I feel the hatred behind their eyes  
Burn me alive  
In eager circles to watch me die  
Burn me
