

The Alan Parsons Project, A Dream Within A Dre

"(Note: These spoken words appear only
on the remastered 1987 Version,
narrated by Orson Welles)"

For my own part
I have never had a thought
Which I could not set down in words
With even more distinctness
Than that which I conceived it

There is however, a class of fancies
Of Exquisite delicacy
Which are not thoughts
And to which is yet, I have found it
Absolutely impossible to adapt to language

These fancies arise in us all
Alas how rarely
Only an epics of most intense tranquility
When the body and mental health are in perfection
And at those mired points of time
Where the confines of the waking world
Blend with the world of dreams
And so I captured this fancy

Where all that we see or seem is but
A Dream Within A Dream
