The Alan Parsons Project, May Be A Price To Pa

(Lead vocal - Elmer Gantry)

Something's wrong in this House today While the Master was riding the Servants decided to play Something's wrong in this House today Something's been going on there may be a price to pay

There's evil brewing, getting out of control And I'm helpless I can't put it right Something's unrighteous is possessing my soul And it's cold in the heat of the night

Something's wrong in this House today
While the Sorcerer slept the Apprentice decided to play
While the Master was hiding the Servants decided to play
Might be too much Sun or too much of something in the Air
Whatever's happening nobody else is aware

There's evil brewing, getting out of control And I'm helpless I can't put it right Something's unrighteous is possessing my soul And it's cold in the heat of the night

Something's wrong in this House today Something's been going on there may be a price to pay
