

The Alarm, Prison Without Prison Bars

Outside in ruthless city canyons
Rivers of people overflow

Gunshots in the skyway valley madness
Ricochet as my mind starts to implode

Oh no, no

Help me
Help me
I'm trapped in a Prison without prison bars

Help me
Help me
I'm trapped in a Prison without Prison bars

Everyday someone's trying to sell me something
Through coloured images flashing on my t.v. screen
But my mind is stripped there's no reaction
I don't get what they're saying to me no more
No more

Help me
Help me
I'm trapped in a prison without Prison bars

Help me
Help me
I'm trapped in a prison without prison bars

(Help me, help me)

Searchlights overhead staring down on me
I've got a mountain of trouble to release
One day the hunter will be the hunted
Got my back up against the wall
Trapped in a prison without bars

Trapped in a prison without
prison bars
Trapped in a prison without
prison bars

Help me
Help me
I'm trapped in a prison without prison bars

Help me
Help me
I'm trapped in a prison without prison bars

(Help me)
