

# The All American Rejects, Top Of The World

Is there anybody out there?  
That wakes up with a bitter taste?  
It's a king that we put up there  
And he's a short way to fall from grace  
It's slowly filling upward.  
You can stand but you have no ground.  
I hear it from the lost word.  
They say its time that you lost your crown.

Don't be so greedy.  
A dollar's a penny to you  
When hearts are beating  
Say what you want 'em to do.  
Wasting away... I see you.  
When the top of the world falls on you  
Finally a day, don't wanna be you.  
When the top of the world falls on you

Is there anybody out there?  
That can see what a man can change?  
It's better that you don't care  
Because he knows that he's in his state  
I feel the paranoia.  
When there's a time, put you in your place  
In the eyes of those who watch you  
Well they can wait 'til they hit your face

Don't be so greedy.  
A dollar's a penny to you  
When hearts are beating  
Say what you want 'em to do.  
Wasting away... I see you.  
When the top of the world falls on you  
Finally a day, don't wanna be you.  
When the top of the world falls on you

Paint yourself a picture  
Then you waste another picture  
And you win, and you win, and you win  
Paint yourself a picture  
And then you break another picture  
And you win, and you win, and you win  
And you win, yeah you win, and you win

Don't be so greedy  
A dollar's a penny to you  
When hearts stop beating  
Say what you what 'em to do  
Wasting away... I see you  
When the top of the world falls on you  
Finding a day, don't wanna be you  
When the top of the world falls on you
