

# The Almost, Drive There Now!

Winter days make me say  
What the hey  
Let's say what we needed to say  
Since way back when we sailed our inhibitions  
Hold on tight 'cause this is so the truth  
This is so the truth  
I love the way that we laugh until we cry  
Dance until we die (dance until we die)  
I love the smile with which you look at me and say  
"Get ready for this  
Aaron get ready for this"  
I hope this gets you harder  
I hope you act so much stronger  
Than I imagined. Honestly  
It gets you every time  
That I want it to. Honestly  
I think you're strong  
I love the way that we laugh until we cry  
Dance until we die (dance until we die)  
I love the smile with which you look at me and say  
"Get ready for this  
Aaron get ready for this"  
I want you to remember me  
When they tell you this is so easy  
So easy  
I love the way that we laugh until we cry  
Dance until we die (dance until we die)  
I love the smile with which you look at me and say  
"Get ready for this  
Aaron get ready for this"
