

# The American Analog Set, Fuck This... I'm Leaving

Do what your dad don't say you should  
Do what good girls don't do good

See you're aching, please don't stop  
'Cause leave and I'll break your heart

Play your neighbor, play your part  
Saved on paper it makes for art

Do what your dad don't say you should  
Do what good girls don't do good

Do what your dad don't say you should  
Do what good girls don't do good
