

The Amps, Hoverin

Hoverin'
Hoverin' above the universe
We were floatin'
We didn't know where we were
Flyin' down the street
But our feet not touchin'
Ah we saw it all
But we don't remember nothin'

Hoverin'
That's with everybody dazed
Hoverin'
We do it everyday
Don't do it
if you plan to stick around!

Straight
Yeah, we're straight
We get high on our music
Meant to
Made to smoke until we're too sick
They're hoverin'
They don't need their starships
Cause they're hovering they're on eternal eclipse

Hoverin'
That's with everybody dazed
Hoverin'
Through everyday
Don't do it if you plan to stick around!
