

The Amsterdams, Lights Out

Wake up when you're calling
When you're calling
Wake up when you're calling
You're calling me
You're calling me

Don't know where you're going
Where you're going
Don't know where you're going
Around here
Around here

You're own day brakes out
Apart from you, apart from me
You're all time fades out
Apart from you, apart from me

Wake up when you're calling
When you're calling
Wake up when you're calling
You're calling me
You're calling me

Don't know where you're going
If you're stupid
Don't know where you're going
You're stupid as me
You're stupid as me

You're own day brakes out
Apart from you, apart from me
You're all time fades out
Apart from you, apart from me

Take it back from your heart
Throw it back in your head
Take it back from your heart
You can see us falling

Take it back from your heart
Throw it back in your head
Take it back from your heart
You can see us falling

fall in... fall out...
fall in...

fall in... fall out...
fall in...
