

The Animators, I Won't Tell

I won't tell if you don't
I won't cry if you won't
Tell me what to do
The world's so big without you

I won't ask if you don't
Won't take it back if you won't
Just tell me what to say
When the doctors go away
And the dark comes

Don't look down
Take my hand
Like in a dancing daze
Don't be sad
No regret
This isn't over yet

I won't sleep if you won't
Won't understand if you don't
But how can I be strong
Once you've been all alone

And I can't fight if you won't
Don't wanna try if you don't
But I can't let you go
There's too much I don't know
Without you

Don't look down
Take my hand
Like in a dancing daze
Don't be sad
No regret
This isn't over
This isn't over yet

I won't tell if you don't
I won't cry if you won't
I won't ask if you don't

Won't take it back if you won't
(Don't look down)
And I won't run if you won't
(Take my hand)
And I won't sleep if you won't

(Don't look down)
Well I can't try if you don't
(Take my hand)
I won't fly if you won't
