

The Animators, Late Night Show

I am the host of a late night show
I like to keep the volume down low
People come and they sit on my sofa
And then they go

I never ask them what went wrong
The conversation never runs long
And it seems that we all get along

And I know
It isn't a good time
But when the light shines
I'm having the time of my life

And so
You don't know my name now
Funny about fame
How it comes
How it goes
Now the show goes on

The Show Goes On

I am the host of a late night show
Where the former celebrities go
That would have been on a network program
Long ago

But we get a guest every now and then
At the beginning instead of the end
And we both know
We'll never meet again

And I know
It isn't a grand time
But when the light shines
I'm having the time of my life

And so
You don't know my name now
Funny about fame
How it comes
How it goes
Now the show goes on

The show goes on
The show goes on
And on and on and on and on and on

I think about all the folks at home
Sitting there in the cold, blue glow
I bet they're in love

When I leave the studio
They send a driver to take me home
Out of the ozone

And I make a drink
And I tell the bachelor's face above the sink

I am the host of a late night show
I am the host of a late night show
I am the host of a late night show
I am the host of a late night show

I am the host of a late night show
I am the host of a late night show
I am the host of a late night show
I am the host of this show

I am the host of a late night show
I am the host of a late night show
I am the host of a late night show
I am the host of this show

I am the host of this show
I am the host of this show
I am the host of this show

I am the host
I am the host
I am the host
I am the show
