

# The Apers, Sunshine

Since two weeks  
I've been writing you  
letters of regret  
I'm sorry for the things I've done  
didn't do or said  
There's no sunshine, there's no sunshine  
seems like the sun don't shine for me no more  
The cigarettes, the alcohol  
the heartache and the fight  
I hope that you still think of me  
and dream of me at night  
There's no sunshine, there's no sunshine  
seems like the sun don't shine for me no more  
It's cold and lonely here  
and there's no one to keep me warm  
I pray it's only an eclipse of the sun  
the sun don't shine for me no more
