

# The Apex Theory, Lift

come by just to shoot me up  
as soon as you leave  
you leave us inside  
we're locked in this way  
i can't explain today  
it's starting to bend

back to the wall  
not again  
need a lift

come by to stay sure  
a leak to the underland  
don't stare  
it leads to them  
coming back for us  
it's starting again

back to the wall  
not again  
need a lift

last chance  
your nightmare
