

The Apples In Stereo, Benefits Of Lying

Everything I say falls away
Like the fade on the radio song
And everything I try passed me by
Like the tide seems to rise, then it's gone

Still, there's something to be said
For company in bed this time of morning
See? I knew we'd agree
How can anyone deny
The benefits of lying with your friend
We'll try it again

Sometimes when I'm by myself
I can't find myself
And there's no one there
Sometimes I can see myself
I can be myself
With a friend, now

Every day I rub both my eyes
And my mind fills with complications
And everywhere I go
Passed by slow
Fading moments and aspirations

(CHORUS)

Sometimes when I'm by myself
I can't find myself
And there's no one there
Sometimes I can be myself
I can see myself
With a friend, now
A friend, now

I'll never know you like you know yourself
You'll never know me like I know myself
I'll never know you like you know yourself
You'll never know me like I know myself
I'll never know you like you know yourself
You'll never know me like I know myself
I'll never know you like I know myself
You'll never know me like you know yourself

(REPEAT TO END)
