

# The Apples In Stereo, I Want

Something  
I need for something  
something to be  
exactly as I see  
I need for something

Nothing  
I want for nothing  
nothing to be  
the way you believe  
I ask for nothing

I don't want to sell my secrets to you  
I'll be telling you the things that I believe  
I just wanna have a secret or two  
to share with you when it's what you really need

Something  
I wanted something  
something to do  
when I'm with you  
I wanted something

I don't want to sell my secrets to you  
I'll be telling you the things I believe  
I just wanna have a secret or two  
to share with you when it's what you really need

Nothing  
nothing to be  
the way you believe  
I ask for nothing

I don't want to sell my secrets to you  
I'll be telling you the things I believe  
I just wanna have a secret or two  
to share with you when it's what you really need
