

The Appleseed Cast, Dreamland

hammers and nails
i've used them for building my face this time tomorrow.
when i see you again outside.
and inside i can hide my sorrow.
talking.
found a way i could come back.
catch your eye it's just the same as reminding me of what i wanted.
tried my list of excuses.
ran outside lost in pain.
put it on turn up the music.
laugh and laugh about how lost i was.
it's what you are my friend.
things change you know.
don't stand around and wait.
take a step.
one more step.
don't fall down.
balance now.
there's no denying this is what you are
