

# The Aquabats, Aquabat March

There's so much to be happy about  
In this life what a wonderful chance  
We have to work hard, play hard  
And maybe even find yourself a girl  
And make some romance  
So don't you think It'd be so lame  
To get all crazy drunk  
And start a fight?  
We'd much rather dance with some girls  
So if you want to fight  
Get the heck outta here you stupid fool!

Please don't kill us  
We're just the Aquabats  
We're just trying to have  
A little fun  
Ha ha ha ha  
So if you want to fight  
We can duke it out  
Just please don't kill us  
With your gun

We're all just peaceful little Aquabats  
We would never take a life  
We don't want to fight  
But if we must,  
Please be cool,  
No guns or knives.
