

The Arcs, Stay In My Corner

I won't always be a winner babe
In fact, I'm bound to burn
All these bumps in the road, dear
They're just lessons we learned
We learned

Stay in my corner, babe
Stay in my corner, please
Stay in my corner, babe
I will fight for you if you fight for me too

They can't steal away my soul
Hang it dangerously low
I don't care for they go
Cause I've been down there before
Before

Stay in my corner, babe
Stay in my corner, please
Stay in my corner, babe
I will fight for you if you fight for me too

We sit together
Forever
By the color, TV glow
Telling stories, allegories
Letting ourselves go

Stay in my corner, babe
Stay in my corner, please
Stay in my corner, babe
I will fight for you if you fight for me too
