Anytime you're clean and sober any day of week is cool when you come around my crossroad any operator will do

Anytime I'm free and open Monday, Tuesday, Wednesday too if you wanna play it crossheart any operator will do

anytime you think I'm useful I'll hold you close the whole night through

Any cator on this funky calculator will tell you if you think I'm acting stupid hold me close the whole night through Any cator on this funky calculator will tell you I've got the goods for you

Darling I've had a few cares I grew up on pork and stew But I spent so many nights alone out here that any operator will do

Mandelay was once your sweet friend but now she toots her flute for you "Lover, I'm all for fun and games that any operator will do"

anytime you think I'm useful I'll hold you close the whole night through

Any cator on this funky calculator will tell you if you think I'm acting stupid hold me close the whole night through Any cator on this funky calculator will tell you I've got the goods for you
