

# The Ark, Feed The Fire

I Saw Her Face In A Magazine  
She Was There Smiling Back At Me  
It Was A Spark To The Fire And I Flew Higher  
Her Hair As Black As Coal  
Her Eyes We're Slightly Blue  
Am I Imagining The Beauty Reflecting

Will She Ever Know My Name  
I'm Dreaming  
That Someday She'll Be Mine

It's Love That Feeds The Fire  
In For Desire I Dive Endlessly  
I Can't Stop Believing  
Love Will Be There

I Know You're Out There Somewhere  
My Dreams Are All About You  
Baby We Could Walk Through Fire  
Your Power I Desire  
Loving From A Distance  
Ain't Got No Resistance  
Behind Your Made Up Face  
Your Secrets Embrace

Will She Ever Know My Name  
I'm Dreaming  
Someday She'll Be Mine

It's Love That Feeds The Fire  
In For Desire I Dive Endlessly  
And I Can't Stop Believing  
Love Will Be There  
Love Will Feed The Fire  
In For Desire I Dive Endlessly  
I Can't Stop Believing  
Love Will Be There.be There Some Day
