

The Ark, Girl You're Gonna Get 'Em (Real Soon)

Well youve heard about things and youve heard about fangs
And youve heard about song and youve heard about dance
And youve heard them all say you dont stand a chance but:
Girl youre gonna get em, real soon
People all around your town
They all have that suspicious frown
And it wears you out and it wears you down, but:
Girl youre gonna get em, real soon
Aaow! Aaow! Girl youre gonna get em, real soon!
Well youve heard about rumba and youve heard about jazz
And that if you really want it then you have to ask
Thats when youre gonna say: You can kiss my ass!
Cause Girl youre gonna get em, real soon
Girl youre gonna get em, real soon
And youve heard about monkeys and monkey-do
And that monkeys all are cheaters and its mostly true
But I tell you little monkey that this monkey
tells the truth when he says:
Aaow! Aaow! Girl youre gonna get em, real soon!
