

The Arrogant Sons Of Bitches, Everything But Th

What would you say if I threw this whole damn life away?
What would you do? You'd get pissed like I owe something to you.
I just want to get in my car
And drive away to somewhere very far
Where a beautiful world's not blocked out by billboards.
'Cause everyday it looks the same
It ticks the piss right out of me
It seems that everyday you're walking away, nothing to say.
Its like every time I stub my toe before the starting line.
What does this mean? Fuck this world, let's forget everything!
I walked for half a mile in the cold
Just to find some place to be alone
And what do I get? A bunch of pollution
And everyday its all the same
It ticks the piss right out of me
It seems that everyday you're walking away with a smile on your face.
So I'll take the problems on my head.
I'll take the blame and save your ass.
Kick me when I make mistakes
Because you really are the best.
So you can use me if you care, that funny kid with funny hair.
And show me off to all your friends any time and anywhere.
I'll still be left with empty feelings cause they never go away.
And I fuck up everyday.
I try.
I'm just wrong?
You're the one that's wrong.
'Cause everybody makes mistakes
Don't take your problems out on me
I can't apologize, I'm walking away, nothing to say.
And everyday its all the same
It ticks the piss right out of me
It seems that everyday you're walking away, calling me gay.
