

# The Arrogant Worms, Dumb Guys

I'm not talking about an idiot, a moron, a fool  
or ignoramus, dunderhead, halfwit, simp or tool  
He's got charm and an appeal you can't deny  
he's just your everyday dumb guy

dumb guys don't have much to say and it's probably for the best  
you rarely hear a dumb guy getting something off his chest  
they didn't notice you leave so they don't ask where you've been  
you always know exactly where they've been

dumb guys... get all the good looks  
dumb guys... don't own a lot of books  
dumb guys... read the comic strips  
dumb guys... and move their lips  
dumb guys... got a lot of dumb friends  
dumb guys... break a bottle on their heads  
everyone knows that everyone loves dumb guys

dumb guys all got hearts of gold and brains made out of goo  
he doesn't know what he doesn't know and he's not expected to  
if he stares off into space, don't mean he's lost in thought  
probably means he's lost

it's always fun to spot the dumb guy in the bar  
how much you wanna bet that he can lift a car  
and you should punch him in the gut as hard as you can  
then let's all watch that dumb guy dance

dumb guys... get all the good looks  
dumb guys... don't own a lot of books  
dumb guys... read the comic strips and  
dumb guys... and move their lips  
dumb guys... got hot girlfriends  
dumb guys... play defensive end  
everyone knows that everyone loves dumb guys

they are never too sensitive  
not the least bit inquisitive  
you know them you love them you hang out with them  
sometimes you even vote for them

dumb guys... get all the good looks  
dumb guys... don't own a lot of books  
dumb guys... read the comic strips  
dumb guys... and move their lips  
dumb guys... their spoons don't bend  
dumb guys... could be president  
everyone knows that everyone loves dumb guys
