

The Ataris, Hey Kid!

I wait for the day to come,
When I'll wake up and be a star.
I dream of a different world,
Somewhere where we will go far.
I bitch about my life.
I bitch about the scene.
I hate this fucking town,
And wish that it was all a dream.

(Chorus) Bitch, bitch, bitch!
That's all you ever do.
Bitch, bitch, bitch!
Your ego will destroy you.
Bitch, bitch, bitch!
That's all I have to say.
Bitch, bitch, bitch!
Now I'll just fade away.

(Insert lame guitar solo here.)

Just as long as I act cool,
Then people will suck up to me.
They won't realize that I'm a fake,
And that's what I'm going to be.
A dreamer and a kid,
who changes every day.
Someone that has to talk,
When he's got nothing to say.

Hey kid, it's a great big world
out there that you think you need to see.
Hey kid, go on and live that life...
But live it without me!

(Chorus #2) Bitch, bitch, bitch!
That's all you ever do.
Bitch, bitch, bitch!
No one's more punk than you.
Bitch, bitch, bitch!
Your life is just a trend.
Bitch, bitch, bitch!
We'll see who's happy in the end
