

The Atomic Bitchwax, Kiss the Sun

So one day I tried
To live another day
I ended up killing myself instead

Oh, one day I tried
I tried to fly
I ended up digging a hole instead

No crying
Ever
Once I've kissed the sun, oh yeah

So one day I tried, tried, tried
To live another day
I ended up killing myself instead, stead, stead, stead, stead, yeah!!

No crying
Ever
Once I've kissed the sun
